

CIU PRESENTS A VIRTUAL SESSION – NOVEMBER 19, 2020

Where: On-line – WEBINAR REGISTRATIONS @ www.ciu.ca

When: 1:00 PM EST

Session: WEBINAR Presentation details....

This talk will cover challenging neurological Life and CI applications in an interactive case studies format. Our speaker will also address new diagnostics, treatments and their impacts on living benefit claims.

Differential diagnostic strategy will be used to risk-stratify various neurological symptoms and their underlying pathology.

Additional medical conditions addressed will include transient ischemic attack, stroke, multiple sclerosis and transient focal spells.

Speaker: Dr. Georgiana Willwerth-Pascutiu, VP and Global Medical Director, RGA.

Board certified in Insurance Medicine by the American Academy of Insurance Medicine (AAIM), Dr. Willwerth-Pascutiu has specialized in internal medicine, nephrology and ultrasonography.

She is a frequently requested industry presenter and has contributed several articles to industry publications.

Dr. Willwerth-Pascutiu is also a past president of the Canadian Life Insurance Medical Officers Association (CLIMOA) and current scientific chair.
